Students are often hesitant to become involved in the political process. One book changes that. American Government and Politics Today 2009-2010 Edition, 14e uses intriguing examples and hands-on exercises to engage students in the fascinating intricacies of American government -- inspiring them to participate in the political process. As it introduces concepts, the text points to specific ways students can participate, showing how individuals -- including students -- can make a profound impact. It illustrates that active participation can be as simple as calling a local politician to share an opinion, registering to vote, or viewing a town council meeting on local access cable -- demonstrating how small steps can make a difference.
