BOOK SYNOPSIS

Human hair is the subject of a remarkably wide range of scientific investigations, and the third edition of this book confirms its position as the definitive monograph on the subject. The chemical and physical properties of hair are of importance to the cosmetics industry, forensic scientists, and biomedical researchers. As such, Chemical and Physical Behavior of Human Hair is both a teaching guide and a reference volume for cosmetic chemists and other scientists in the hair products industry, academic researchers studying hair and hair growth, textile scientists, and forensic specialists.
