BOOK SYNOPSIS

"Sharakhai, the great city of the desert, center of commerce and culture, has been ruled from time immemorial by twelve kings--cruel, ruthless, powerful, and immortal. With their army of Silver Spears, their elite company of Blade Maidens and their holy defenders, the terrifying asirim, the Kings uphold their positions as undisputed, invincible lords of the desert. There is no hope of freedom for any under their rule. Or so it seems, until oCeda, a brave young woman from the west end slums, defies the Kings laws by going outside on the holy night of Beht Zhair. What she learns that night sets her on a path that winds through both the terrible truths of the Kings mysterious history and the hidden riddles of her own heritage. Together, these secrets could finally break the iron grip of the Kings power... if the nigh-omnipotent Kings dont find her first"--Front jacket flap.
